

# Version 7.1806

Date available on Pearson VUE Hosted Server: **June 21, 2018**

Potential date available for Remote Deployment Installations: **July 13, 2018**

 **Why is there a delay of releases for remote deployment installations?**  
There is usually a slight delay of releases for remote deployment installations while code is compiled and packaged into an installer package.

 This list is a summary of **planned** changes for the release and the final list of changes included may be different. Please check back **after** the release date for the complete list of changes included.

 Please be sure to review the Known Issues page to see a list of any continuing defects seen in the application [HERE](#).

## Release Updates

Pages/Feature	Users Affected	Description	When does this happen?	Outcome	Type
Write Question	Project Managers, Writers	Introduction of Compound Item Type	This is a new item type.	The Compound Item Type is now available for selection, if it is active in the project settings. <a href="#">Navigate here for more detail surrounding this new item type.</a>	Enhancement
Configuration	Project Managers	New configuration settings for exhibits used on Compound Item types	These are new configurations added for the compound item type.	Exhibit configurations have been added for popup exhibits specifically tied to the compound item type. <a href="#">Navigate here for more detail surrounding these new configurations.</a>	Enhancement
Custom Report	Project Managers	Include/Exclude Key in Custom Report	This is a new option for custom reports.	The Custom Report page now features a checkbox for "Key"; if checked, exports the correct options on the report.	Enhancement
Custom Report	Project Managers	Include/Exclude Exhibit Content in Custom Report	This is a new option for custom reports.	The Custom Report page now features an option called "Include items referenced as exhibits"; if checked, the report will include the content of exhibits.	Enhancement

HTML Report (Multiple Pages)	Project Manager, Manage Reports, Observe Questions	Newly added compound item type is now available on HTML report	This work was completed to ensure that compound item data was made available via the HTML report.	Users can now extract compound item data via the HTML report found in multiple areas of the application.	Enhancement
Manage Project Bank	Project Managers	Duplicate Exhibit fields in HTML report for item	When viewing the HTML report for an item, the fields for Split Screen Exhibits and Popup Exhibits would appear twice.	The Split Screen Exhibits / Popup Exhibits fields appear only once.	Fix
Write Question, Modify Questions	Project Managers, Writers, Reviewers	Unable to save or submit a question with Exam Advisor Setting enabled	With the Exam Advisor setting "Check for spaces between sentences" enabled, users were unable to save or submit questions even after entering a space after periods that ended a particular stem or option.	This has been corrected. Users can now use this setting and submit items when a period ends a particular stem or option.	Fix
Write Question	Writers	Enhanced Matching type question IE compatibility	Internet Explorer browser users were unable to add tokens or targets to an Enhanced Matching type item.	Enhanced Matching items are now functional within IE.	Fix
