

## 7.2.2 Blueprint Status

The **Show Blueprint Status** shows the progress of items across the project's blueprint at the project's tally level. The blueprints can be viewed by selecting the tally level needed from the **Blueprint Level** drop-down.

For Level 1 (Domain), only Level 1 blueprints are displayed:

The screenshot shows the Observer Dashboard for the 'Vikys Project'. The 'Blueprint Level' is set to 'Level 1'. The dashboard includes a navigation bar, a welcome message, and a table showing the status of blueprints.

**Show Blueprint Status -**

Id	Blueprint	# Written	# Accepted	# Returned
--	Unclassified	--	--	--
A.I.1	Essay	--	--	--
B.I.1	Working with Quadratic Equations	--	--	--
B.II.1	Working with Polygons	1	--	--

The **Show Blueprint Status** table displays the following details of the project:

Column	Description
<b>ID</b>	The Blueprint ID of the item.
<b>Blueprint</b>	The name of blueprints in the project for which the users will submit items.
<b># Written</b>	The number of items written for the corresponding Blueprint ID.
<b># Accepted</b>	The number of items accepted for the corresponding Blueprint ID.
<b># Returned</b>	The number of items returned for the corresponding Blueprint ID.

The list can be ordered in ascending or descending alphanumeric order by clicking on the corresponding header link.

The "# Returned" State column header text may appear using different words, depending on the text provided in the **Return State Text** settings of the Item Bank's configuration.

Prior to the 1809 version, the default text was Reject. If you are working with Questions within an Item Bank that was created prior to the 1809 release, the text is named Reject unless you named it something else.
